SOFTWARE TESTING / QA

Tanta, Egypt | +20 101 719 4190 | farouk3062007@gmail.com | linkedin.com/in/farouk306 | github.com/farouk-1-edu

CAREER OBJECTIVE

Motivated first-year Computer Science student at Tanta University, currently training in Software Testing through the “Rowad Misr” national initiative. Building a solid foundation in programming (C++, Python, Java) and manual testing fundamentals, with a strong interest in quality assurance and problem-solving. Seeking a remote internship or entry-level opportunity in Software Testing / QA to apply and grow these skills in a real-world environment.

EDUCATION

B.Sc. in Computer Science | *Faculty of Computers and Information, Tanta University 2025 – 2029 (Expected)*

TRAINING & CERTIFICATIONS

Software Testing Track — “Rowad Misr” Initiative

In Progress

- 6-month intensive program covering theoretical and practical software testing training.
- Program also includes soft skills and English language development alongside technical content.
- Currently learning Java in preparation for manual testing tasks; tasks and projects are submitted incrementally throughout the program.

C++ Programming Course — “At Elzero web school” (Mostafa Saad style)

Completed

- Completed a comprehensive beginner-to-intermediate C++ course covering core programming fundamentals.

TECHNICAL SKILLS

Programming Languages: C++, Python, Java (basics)

Web Technologies: HTML, CSS, JavaScript

Software Testing: Manual testing fundamentals (in progress)

Tools: Git, GitHub

SOFT SKILLS

Problem-solving, attention to detail, adaptability, teamwork

PROJECTS

SkyGate — Flight Travel Website

- Built a fully front-end flight information website using HTML, CSS, and vanilla JavaScript.
- Implemented a filterable flight status board, a digital boarding pass with QR placeholder, dark mode with persistent storage, and a live clock.

To-Do List, Quiz App & Calculator

- Developed three independent front-end web applications for task management, interactive quizzing, and calculation, using HTML, CSS, and JavaScript.
